November 2026

Call for Applications
T2MED 2027 Entrepreneurship Hackathon Leadership Team

The Dean of the Ruth and Bruce Rappaport Faculty of Medicine and the Vice Dean for Medical Innovation and Entrepreneurship invites you to lead a flagship event of the Faculty of Medicine that will take place for the 13th year.

Organized by students and for students, the Medical Entrepreneurship Hackathon is designed to connect the Faculty of Medicine with other Technion faculties, foster a fertile environment for medical innovation and provide a unique experience for its participants.

The hackathon will be held on May 26-28, 2027, and will last 3 days.
During the event, the students will work in joint teams, will be helped by mentors from the fields of medicine, engineering and business and will participate in workshops and enrichment activities.

At the closing event, a competition will be held where the participants will present to the jury the projects they worked on during the hackathon.
The outstanding teams will win prizes, publicity and support in the further development of the project.

We are seeking a core leadership team of entrepreneurially minded students from all academic years - both from the Faculty of Medicine and from the engineering and science faculties across the Technion to lead the 2027 Hackathon!

Open Positions on the Leadership Team:

1. **Clinical & Academic Relations Lead**
2. **Partnerships & Industry Relations Lead**
3. **Social & Marketing Lead**
4. **CTO & Digital Operations Lead**

Full details regarding the responsibilities and requirements for each role are provided in the appendix attached to this call for applications.

General Prerequisites for All Team Members:

- High availability and commitment throughout the preparation months, including attendance at regular weekly status meetings.
- Mandatory full attendance on the preparatory day (Orientation Day) and throughout all days of the hackathon itself (May 26–28, 2027).
- Strong teamwork skills, transparency and strict adherence to goals and deadlines alongside academic studies.

To submit the application along with resume, send an email to: medevents@technion.ac.il with the title Application for Organizing the 2027 Entrepreneurship Hackathon.

In the body of the email, you must state your full name, phone number, faculty/ course of study and academic year, as well to attach for applying a personal motivation letter.

The students leading the organization of the conference will be able to choose one of the following options:

1. Students in the pre-clinical years or bachelor's/master's degree students from faculties other than medicine will receive financial compensation.
   Graduate students who are receiving a scholarship will need to obtain an approval for employment from the Scholarships Department.

2. Students from the clinical years (medicine) will be able to choose to submit the Hackton as a thesis or receive financial compensation.

Last date for submitting applications - until Thursday – 19.11.2026
For questions, please email Stephanie Shneor: s.shneor@technion.ac.il
and Shai- Lee Cohen: medevents@technion.ac.il

Best Regards,

Prof. Ami Aronheim
Dean
